- - Responsive, compliant, and detail-oriented execution

Management

Dasha Brown – President

U.S. Army Veteran with years of operational leadership and entrepreneurial success in real estate, logistics, and service delivery. Specializes in business development and federal contracting strategy.

Garry Brown – CEO

Engineering and maintenance manager with over a decade of experience in automation systems, logistics, and team leadership. Provides day-to-day operational oversight and project execution support.

Past Performance

The Brown's Hospitality Services has managed multiple short-term and long-term rental properties, including luxury Airbnb units and residential leases. Work included full-cycle property and guest management, on-site logistics, vendor coordination, cleaning, and maintenance. These projects reflect our ability to maintain and manage operational facilities with high service standards.
